

PRE-CONFIGURED LIGHTING HARNESS KITS

FOR HEAVY DUTY TRAILERS

Truck-Lite®

A Clariance Technologies Company

TRUCK-LITE.EU.COM

Truck-Lite Pre-Configured Trailer Harness Solutions

Truck-Lite's **Ready-to-Install Trailer Harness Solutions** offer pre-configured kits designed for some of the most popular vehicle types. These kits are built for heavy-duty trailers, tippers, and tankers, providing an off-the-shelf solution for the automotive aftermarket. Ideal for trailer refurbishments or low-volume trailer builds, they save you time and hassle by removing the need for custom specifications.

Each kit is built to **Truck-Lite's superior OE quality standards** and offers the following benefits:

- **Durability and Protection:** All harnesses feature Superseal connectors and are overmoulded with macromelt technology for complete protection against water ingress, ensuring long-lasting durability.
- **Easy Installation:** Pre-configured kits eliminate the need for custom wiring, providing a ready-to-install solution that reduces downtime.
- **Premium Lighting:** Kits include fully ECE approved lighting, ensuring compliance with European road safety standards and delivering reliable, high-performance illumination.
- **Tested and Proven:** These systems have been road-tested over many years and are the first choice for many of Europe's leading OE trailer builders, giving you confidence in their quality and reliability.
- **Flexible and Convenient:** Available in low quantities and ready off-the-shelf, they're perfect for quick turnarounds, making them ideal for trailer refurbishments or small-volume builds.

All kits are manufactured at Truck-Lite's facility in Harlow, United Kingdom, and undergo rigorous testing to ensure they meet the highest standards. By choosing Truck-Lite's **Pre-Configured Trailer Harness Solutions**, you get a dependable, easy-to-install system backed by decades of industry experience.
